

VIRTUAL INTEGRATED START-UPS ECOSYSTEM

September's Newsletter 2021

VISE project partners had the opportunity to meet face-to-face for the first time. It was highly beneficial for all partners to finally meet after an extended joint effort, which was exclusively online. The meeting was hosted by LABC in Turin, Italy on the 8th and 9th of September. Being able to discuss ideas on a face-to-face basis was an experience all participants were very happy with.

The results of the surveys carried out with potential entrepreneurs and startupper, have been summarised in the COMPARATIVE REPORT FROM THE PRIMARY RESEARCH, completed by University of Thessaly. The consortium is currently working on the final version of the mobile report.

Co-funded by the
Erasmus+ Programme
of the European Union

The structure and the design for the Virtual Integrated Start-ups Ecosystem have been developed by CWEP.

The e-course will contain 3 main areas, divided into levels:

- Assessment Tool
- E-Course
- Entrepreneurial Coach

The Ecosystem structure is ready and in the next two months all project partners are going to deliver the needed content.
